

Appeal to President Obama and the US Congress: Cut Military Spending 25% in 2010

In the spirit of Martin Luther King's work to end poverty, racism and war, we, the people of the United States, call on the Obama Administration and the U.S. Congress to end the U.S. wars and occupations in Iraq and Afghanistan and to address the economic and environmental crises by cutting military spending by 25% in 2010 and redirecting our tax dollars to housing, health care, education, green jobs and clean energy.
